County Agency Representative

PWC Parks, Recreation and Tourism. Patti Pakkala.

- Patti scheduled and setup the meeting.
- Patti explained the schedule of future events for the Mobility section of the Comprehensive plan. She told us the Land Use section of the Comprehensive plan had to be approved first. Then the Transportation Department would run their analyses. This would then be followed by approval of the Mobility Section.
- Patti stated the trail map was still being worked as they made their way through the 400+ public comments received. Patti stated that there would be the map and a corresponding list (table) in the Comprehensive Plan.
- Patti explained that her focus and writing was on the action strategies labeled with "RT" (Recreation Trail). This covers all trails that are in parks or greenways but not on any shared use paths that are part of roadways.
- During the discussion by members below, Patti moved to another section of the building.
