Location: Atlanta, Georgia

We Should Apply to Attend: senior 4-H'ers

Click here for informational flyer. Applications are due by May 9th.

All applications and resumes must be submitted through Google Forms - [click here to submit](#).

[Click here to learn more about the 2025 National 4-H Congress.](#)

Applications are now open for senior Virginia 4-H'ers to participate in 2025 National 4-H Congress. For more than 100 years, National 4-H Congress has served as the premiere educational and recognition event for senior 4-H members. National Congress provides participants an exciting opportunity to explore careers, engage in a variety of quality learning experiences, and have great fun by getting to know other 4-H members from across the country. Outstanding 4-H members will be selected to represent Virginia at National 4-H Congress. Candidates for selection must be senior 4-H members in the current 4-H year who are able to demonstrate outstanding achievement as a 4-H member in the areas of leadership, citizenship, and personal development.

During this submission process, applicants will be asked to submit their cover letter, resume, three letters of recommendation, and a photo.

APPLICATION PROCESS:

Virginia 4-H values the life skills that members develop through personal record keeping. An electronic 4-H portfolio, which replaced the 4-H Achievement Record, will serve as the foundation for a 4-H member's application to participate in National 4-H Congress, if selected for an interview. The formal process includes two steps, which are intended to provide the 4-H member learning exercises that reflect an employment application and interview procedure:

1. The submission of a written personal resume; and
2. For those selected to interview, a presentation of an electronic personal portfolio (detailed information on the electronic portfolio will be provided to all youth selected to be interviewed)

Those selected for an interview will need a working Gmail account, as electronic portfolios will be submitted through Google Classroom.

Garlic Workshop and Field Demo -GU

Wednesday, May 14, 2025 • 10 am-noon • **FREE**

Garlic is a wonderful crop. It's easy to grow with almost no pest problems. It can be grown either in the ground or in a raised bed. October is the most popular month to plant garlic, but depending on where you live, you could plant sooner or later. Late September and October are the best times to plant garlic in the northern Piedmont. It should be done at least two weeks before the first frost, and must be done before the ground freezes. This workshop will teach you the proper way to plant garlic, how to prepare the ground, and properly care for it during the growing season.
